Rituals 1 Mix&Match, terra

FOSCARINI

DESCRIPTION

A family of lamps that sheds its relaxing light in the most diverse settings, conveying the magic of rice paper or mulberry tree bark, the raw materials of traditional Japanese lanterns, in the precious physical appeal of blown and frosted glass. The horizontal lines which cut across the surface of the lamps give rise to a soft and charming décor and at the same time contribute to filtering the intensity of the light source, dffusing a full, warm and soft light into the room. This model belongs to Foscarini Mix & Match System, so it is perfect both as individual piece, adding character to a room, and combined in harmonious compositions of shapes or different functions from the same series, coordinating the entire atmosphere within a space. The frame of Rituals floor is available in a palette of three colors, always in matte finish: you can choose between the soft tone of a warm and deep gold, the colder and sophisticated feeling of graphite or even white, a more neutral choice that integrates easily in any environment.
