Gem, soffitto

by Ludovica+Roberto Palomba

FOSCARINI

DESCRIPTION

Ceiling lamp with diffused light. White satin finish hand-blown diffuser achieved using a glass blowing procedure without turning the glass in the mould (referred to as "stationary") with special incisions of diagonal and horizontal lines inside it. An anchoring solution has been designed using a smaller ring nut that adapts the glass to a standard mount for different models and can be glimpsed discretely, making the glass the absolute main feature of the space. The ceiling version guarantee diffused intense and warm lighting in the room through the precious blown glass diffuser.

MATERIALS

Blown acid-etched glass with reliefs and coated metal

technical details

FOSCARINI

A fluid vibration on glass, with special craftsmanship that makes Gem lamp unique also when off. The three-dimensional facets, with lines intersecting on the surface, are made by blowing glass into an etched mould.

LUDOVICA+ROBERTO PALOMBA

Ludovica + Roberto Palomba set up their own studio in Milan in 1994, and their joint expertise ranges from architectural planning, to interior design, and partnerships as product designers and art directors with leading international brands; they have received multiple, major accolades such as the Compasso d'Oro award.

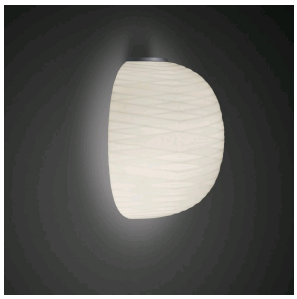

Their philosophy is to create objects that interact in an immediate way with the people who choose them, creating an intimate, significant and long-lasting relationship, as testified by the durability of their designs. Multiple projects designed for Foscarini: from Birdie, a reinterpretation with a contemporary twist of the classic lampshade-lamp, to the Gregg, Tartan and Rituals models, explorations of unprecedented expressive possibilities for blown glass.
